## TO PETITION TAFT TO WITHDRAW.

**Nation Wide Movement To Petition Taft To Withdraw Started To Get Him To Quit The Race.**

Washington, July 8. A nation-wide movement to petition President Taft to withdraw as the republican presidential candidate is being backed by a large number of republican office holders who feel they face defeat in November, unless the breach in the party can be healed.

These men include members of the state legislatures which will elect senators, state and county officeholders and other candidates. It is the movement to petition Mr. Taft to withdraw succeeded in gaining any volume, it is said, those same men in the interest of party harmony, may ask Col. Roosevelt also to withdraw as a prospective candidate for an independent nomination and permit a compromise selection of some man agreeable to both members of the party.

It is the desire of the promoters of the scheme that a decision shall be reached before Aug. 5, when the Roosevelt faction plans to hold a convention in Chicago.

## Changed Date for Farmers' Union Meeting.

The Farmers' Union Tobacco Poolers meeting will be held on the 2nd Saturday in August instead of on the 1st as elsewhere stated in this paper, the change being made on account of the date of the Primary Election.

## Dunn Springs.

Home coming at Dunn Springs Sunday will long be remembered as a great day in many respects. Long before the time appointed for service to begin the church was filled with people, and still they continued to come.

Shortly after 10 o'clock the day's service was opened by song after which Bro. Robinson, the pastor, introduced Dr. T. A. Frazer, of Marion, who for more than an hour spoke in his candid yet pleasing way on the subject of "Preventive Medicine." Dr. Frazer's able speech was gratefully received by several hundred people, and although the day was sultry no one seemed to tire of the subject which was presented in such an interesting way.

After Dr. Frazer had finished, the regular preaching service began by song followed by prayer by E. T. Franklin.

At 11:30 Rev. Robinson delivered a splendid sermon on the "World's Hope." His discourse was logically arranged, and his delivery forcible. At the close of the sermon a collection of about \$25.00 was taken for the missionary work.

The benediction was pronounced by Rev. J. B. McNeely.

At noon a sumptuous dinner was spread, and there was plenty to spare.

At 3 o'clock Rev. Mather, of Marion, preached from Exodus 15:27, and those who have had the pleasure of hearing Dr. Mather know that to listen to him is always a treat.

The service was led by T. R. Yates. After an old fashion band shake, the benediction was pronounced by Dr. Mather, ending one of the most enjoyable days ever held at Dunn Springs but shall we have another day like it on July 13, 1913? Yes!

## Unique Colored Marriage.

On the evening of July 14th at 9 o'clock our genial county clerk, Learner E. Gness, was required to respond to the duties of his office and issue a marriage license for the colored parties, Mitchell Jackson and Miss Alma Shelby who wanted mysteriously in the rear of the court house, in J. W. Wilson's automobile. After securing the necessary papers the high contracting parties sped away to the residence of Judge Blue, and stopped the car in the street long enough for an impressive ceremony which bound the two for "better or for worse", and under the rays of electric lights the car vanished from observers and the romance was consummated.

## Lorimer Is Expelled from U. S. Senate by Large Majority.

Washington, July 13. William Lorimer, of Ill., was expelled from the Senate, this afternoon by a vote of 55 to 28.

By that overwhelming verdict his colleagues found him guilty, of having been elected on May 24, 1903 by "corrupt methods and practices." Lorimer did not vote on his own case, but his fellow colleague, senator Culom, turned against him after having formerly voted to keep him in the Senate.

With a smile on his face Lorimer instantly arose from his seat and with a swinging gait walked toward the Republican cloak room. As he reached the door, Senator Smart grasped his hand and some friends from the house joined him.

## Fire Sweeps Cave-in-Rock.

Shawmstown, Ill., July 16. Practically the entire business section of Cave-in-Rock, fifteen miles below Shawmstown, on the Ohio River was destroyed by fire. The fire is thought to have been the work of an incendiary. The flames were first discovered in the Masonic building and spread to the next block, burning the Masonic building, Thornton's dry goods store, Hill & Baird's general store, a granary, Dr. Hill's residence and several smaller buildings. The loss is estimated at \$40,000.

## Rev. Jas. F. Price in Logan.

Rev. James F. Price is holding a series of Country Church Institutes in Logan Presbytery for the development and encouragement of the country church. He has assisting him in this work W. O. Rodes, an eminent lawyer of Bowling Green, who discussed "The Development of our Young People" in a very forcible way; Charlie Rodgers, a merchant of Bowling Green, who discusses "Christian Giving" from a biblical standpoint; and Rev. Chas. Brevard, who is fine on "The Development of the Country Church."

They held an institute at Pleasant Hill church, near Rockfield, Saturday, July 13. Notwithstanding the very busy season there was a fine attendance. The people seemed to enjoy and appreciate the exercises of the day. They had dinner on the ground and it was one of the neatest and completest ever seen. They had country ham and fresh meats and chicken cooked in every style, almost every kind of pickle and salad that could be thought of, cakes the top note of which was angel's food and the lowest note was the devil's food, and the whole scale between filled with every other variety; and pies galore. They had ice cold sulphur water, plain water and ice cold lemonade. Then came the ice cream of every kind and sherbets. But let's stop right here. It makes us hungry to think about it.

On Sunday a similar Institute was held at Old Union church, twelve miles south of Bowling Green, where a good audience, splendid dinner and good time duplicated the previous day's work. On Monday a similar Institute was held at Trinity church, six miles south-west of Bowling Green, where the same splendid conditions obtained as in the two previous days. Mr. Price goes to Franklin, Ky., thence into Tennessee, where he will for several days engage in the same work.

## BELOVED MATRON STRICKEN DOWN.

**Mrs. H. V. Escott, Wife of Well Known Minister Stricken With Paralysis.**

Mrs. Escott, wife of Rev. H. V. Escott, was stricken with paralysis at their home on West Salem street Tuesday morning as the family were at breakfast. The stroke was a slight one, still had it not been for the assistance of her husband and daughter, she would have fallen to the floor. Dr. Clement, who was hastily summoned, soon arrived and administered to her. She revived, but at noon suffered another attack and from that time has been considered very critically ill.

Mr. Escott and daughter, Mrs. Addison R. Smith, who was the guest of her parents decided it best to take her to her daughter's home in Louisville where their family physician, trained nurse and many comforts not obtainable here, could be had for her benefit and where Mrs. Smith's new and elegant home and a full complement of servants were awaiting her return.

Arrangements were made accordingly and at 11 o'clock Wednesday morning, she was carried on a cot to the station and placed aboard her son-in-law's private car which had been sent here for that purpose and to convey his own family home. On board the car beside Mr. Escott's son-in-law Vice President Smith of the L. & N. R. R., were their son, Paul Escott and grandson, Horace Smith and a trained nurse from St. Joseph's Infirmary, all of Louisville. Dr. I. H. Clement of this city accompanied them also.

The many friends of Rev. Escott are in sympathy with him, and hope for a speedy recovery of his estimable wife who has won the hearts of all with whom she has come in contact since she has resided here.

## S. S. Entertainment.

Mrs. C. R. Newcom entertained her S. S. class and a few invited guests at her home Tuesday afternoon. The little folks played "Drop the Handkerchief" &c on the large lawn until Mrs. Newcom assisted by Mrs. Dodge spread refreshments which consisted of watermelon, ice cream and cake. Every thing was merry when at 6 o'clock Bro. Miller came in his carriage and Mrs. Orme in her auto and took the little folks home.

Those present were, Laura Butler, Katherine White of Helena, Ark., Virginia Miller, Ruth Miller, Margaret Orme, Lavene Guss, Roberta Moore, Bonnie Babb, Allen Babb, Edwin Henry, Willie Newcom and George William Howerton.

## In Land of White Nights.

(Answers.)

June is the month of the 'white nights' in the north. In Finland one can read a newspaper in the open air at midnight, and the sky is bright with a tender gentle radiance. There is no break between the sunset and dawn and the same rosy flush serves for both. Strictly speaking, Summer in Finland is one long day. The moment the first star glimmers in the south it is a sign that autumn is at hand. The long period of light exercises a wonderful effect upon vegetation and the leaves of trees grow to an enormous size. Up north the development of plant life is crowded into a few weeks but it is none the less perfect for that. Though few people realize it, it is a fact that in June London has only five and one half hours of darkness. Up at Aberdeen in clear nights, there is no blackness only a kind of twilight. Scottish gardeners, if they wished, could work in the open at midnight, except in the south of our sister country.

### NATIONWIDE MOVEMENT

Followers of Roosevelt Issue Formal Call.

Convention to be Held in Chicago August 5th.

### TEXT OF THE DOCUMENT

Forty States Represented by Those Signing.

New York, July 7—A call to the people of the United States, who are in sympathy with the "National Progressive Movement," to send delegates to a national convention to open in Chicago, August 5th, was given out this afternoon by United States Senator Joseph M. Dixon, of Montana,

members of the committee chosen at a meeting held in Chicago, and also includes signatures of Roosevelt followers in forty states.

"The territories have no place in a national convention and will not be considered," declared Senator Dixon, in commenting upon the signatures. "As for the missing eight states, the most of them probably will send delegates, although they have not taken part in the call."

"Maine, for instance, postponed any definite action because there is now a strong fight on in the primaries, with the sympathy running in favor of the progressive movement. Delaware, North Carolina, Arkansas and Nevada probably will take part in the convention. Mississippi and South Carolina may be unrepresented."

"The call lays down no rules as

to the methods of choosing delegates, since each state will be expected to select its delegates by its own paraphernalia. The representation will be cut to just one-half that of the previous conventions. This was considered advisable since this convention is to be a really a deliberative body and certainly will be composed of a class of men altogether different from those who usually attend conventions.

"In all probability the convention will adopt the name 'National Progressive' for the new party, but I cannot say definitely what will be done. Thus far no issues have been stated authoritatively and, of course, the platform itself will have to be decided upon by the delegates."

### Text of Call.

The text of the call is:

"To the people of the United States, without regard to past political differences, who through repeated betrayals, realizes that today the power of the crooked political bosses and of the privileged class behind them is so strong in the two old party organizations that no helpful movement in the real interests of our country can come of either."

"Who believe that the time has come for a national progressive movement—a nation-wide movement—on non-sectional lines, so that the people may be served in sincerity and truth by an organization untrammelled by obligation to conflicting interests."

"We believe in the right and capacity of the people to rule themselves and effectively to control all the agencies of their government, and who hold that only

through social and industrial justice, thus secured, can honest property find permanent protection.

"Who believe that government by the few tends to become, and has in fact become, government by the sordid influences that control the few."

### Business and Legislation.

"We believe that only through the movement proposed can we obtain in the nation and the several states the legislation demanded by the modern industrial evolution; legislation which shall favor honest business and yet control the great agencies of modern business so as to insure their being in the interest of the whole people; legislation which shall promote prosperity and at the same time secure the better and more equitable diffusion of prosperity; legislation which shall promote the

merry games the young people  
went home especially pleased  
with their fair young hostess  
and wishing her many happy  
birthdays in coming years.

Red Top and Belmont.

Up until the last three years,  
the office of trustee has been a  
place of worry, trouble, almost

a place of dishonor really a  
scourge—but since the passage  
of 1908 law making the county a  
unit for school work, and mak-  
ing it possible to pay the trustee  
for some of the actual work he  
was compelled to do, and bring-  
ing him into direct co-operation  
with the other trustees of the  
county, placing him where he  
can become a director of the ed-  
ucational affairs of the entire  
county by becoming a member of  
the County Board of Educa-  
tion; bringing him into direct  
communication with all the teach-  
ers of the county, in fact with  
all the educators of the State his  
office is being looked upon as an  
office of trust, honor and of very  
great importance.

The Educational World has it,  
"As is the teacher, so is the  
school," but one in the place of  
County Superintendent can see  
and apply a part of this adage to  
the trustee. A teacher may  
strive to her very uttermost for  
two, three or four months of the  
school to keep up an interest, at-  
tendance, school improvement  
&c and if the trustee with the  
patrons remain dormant she will  
become discouraged and sit the  
remainder of her time out just to  
draw her salary. I can always  
tell a school where there is an  
indifferent trustee.

There is a great deal more  
that I am going to say right  
along here some time, but right  
now I want to insist on the pa-  
trons, citizens and all legal vot-  
ers to meet at the school build-  
ings in the above named districts  
at one o'clock on Saturday, Aug.  
3rd, 1912, and select one of the  
(prettiest) most sensible, ener-  
getic, enthusiastic and progress-  
ive members of their voting pop-  
ulation and elect that member  
trustee of that school.

Singularly enough this school  
election comes on the same day  
that the Democratic primary elec-  
tion is held, and I suggest that while  
the Democratic voters go to the  
primary and vote for John K.  
Hendrix, that you women, Demo-  
crats and Republicans, collect  
all the republican men and elect  
a trustee. Yours very truly,

E. JEFFREY TRAVIS,  
Superintendent.

On Monday we passed through Frances, we were there only a few minutes but did some business with the merchants S. F. Mathews and M. C. Pogue. They are doing a good business, dealing out goods to the surrounding country.

Koon, this is the name of a postoffice just over in Lyon Co., W. E. Holson is the merchant here. He carries a splendid stock of general merchandise and the people say he sells goods at a low margin and every customer goes out well pleased with their deal with Mr. Holson.

Yes we were in Dycusburg. Everybody knows where Dycusburg is, it is situated on the beautiful Cumberland river in Crittenden county and is quite a business "burg" made up of good clever citizens, but this little village has been in hard luck, the latest calamity is the loss of their fire mill, but we hope these misfortunes will again blossom like the rose of Sharon.
